Serial No.

The Director of Agri wants sanction to utilize the sum of Rs 2000/- set apart for the stack yard at Maddur. Govt Kind refce is invited to Flag X (para 9), wherein it is stated that the expre need not be incurred. It is for orders if this amt may now be appropriated for the purchase of the Pressing machine.

In his letter dated 9th Feby 1924 it is mentioned that the cost would come upto about Rs 1500/- in all. In his Comm of the 7th April 1924 it is reported that the cost would come up to Rs 1400 in all. It is not known how the excess viz Rs 400/- above Rs 1000/- (if sanctd) will be met. The Director has also obtained from the Mil Grass farm two baling presses for the purpose of pressing hay at about a cost Rs 300/- pm. It is not clear what necessity there was for ordering the me from Northern India.

Sanction has therefore to be accorded to (1) the purchase of the

Press in question and (2) the utilization of the amt provided for this purpose for some other purpose in the G.O. dated 10.1.24

10 As the question that has perhaps to be decided is as to who shall have the Press.. Now the Forest dept is attending to the pressing of hay and if it is to be worked by the Forest dept, the amt may be paid out of the Rs 95000 provided for hay cutting etc.. If it has to be retained by the Agl dept, the expenses will perhaps have to be met from the normal budget of that dept.

11 Submitted

Sub:
17/4/24 Mean put up a draft order in consideration 1) sanctioning the purchase 2) meeting the cost out of the balance of Rs 95000 ~~lying to the credit of the Forest dept~~ ~~that the Press may be placed at the disposal of the Conservator who is entrusted with the execution of hay~~.

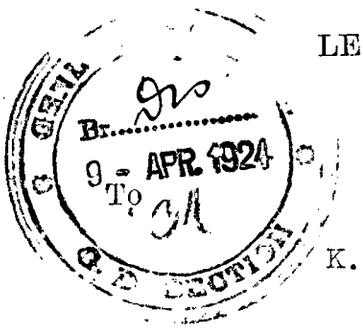
.....April 7,....1924. 192

FROM

LESLIE C. COLEMAN, ESQ., M.A., PH.D.,
DIRECTOR OF AGRICULTURE IN MYSORE,
BANGALORE.



K.V.Anantaraman, Esq., B.A.,
Offg. Secy. to Govt. of Mysore,
Revenue Department, Bangalore.

SIR,

I have the honour to state that the sum of Rs.50,000 allotted for fodder operations in para 8 of Government Order No.15-214-Dis.9-23-6, dated 10th Jan.1924, has all been drawn except for the provision of Rs.2,000 under "Stackyard at Laddur" and distributed among the various officers detailed on the different lines of work, as indicated in the Government order of the 10th Jan.1924. As stated in this office letter No.Roc.973-A of 23-24, dated 28th March 1924, a sum of Rs.37,346-6-4 has already been expended out of this grant up to the 15th ultimo and details of accounts for Rs.13,805-13-8, have been, or are ready to be, submitted to the Comptroller. The balance now available with the officers on fodder duty is sure to be spent soon and will not be available to be operated upon for any additional items of expenditure. In the meanwhile, advice of dispatch of the Power baling press ordered out from Sepaya through the Director of Agriculture, Bihar and Orissa, has arrived, and the cost on this account alone amounting to about Rs.1,700 has got to be immediately met. To meet this expenditure, I have no other source to draw upon except the provision of Rs.2,000 for "Stack Yard at Laddur," but in view of para 9 of the Government Order under advertance, I am doubtful if I can utilise the amount without specific orders from Government and therefore beg you may be so good as to obtain necessary permission at your earliest convenience, to enable payment of the above bills. The matter may be kindly treated as urgent, since as already represented above, the power press from Sepaya is on its way

SIR,

I have the honor to state that I find that through oversight on my part I have failed to obtain formal sanction of Government for the purchase of the power baling press referred to in my letter No. Roc.973-Hc.302-491 of 23-24, dated 7th instant.

I enclose herewith my D.O. letter to the Dewan on which he has noted his sanction. I have the honour to request you to obtain formal sanction at a very early date, and permission to utilize the Rs. 2,000 set apart for the stack yard at Maddur.

The enclosure may be kindly returned when no longer required.

I have the honour to be,
Sir,
Your most obedient servant,

Director of Agriculture.

Roc.1158-A of 23-24

Dear Mr.Banerji,

I returned from Goribidanur last night where I had been to see the well boring work and the fodder stacking. The former looked very promising and I hope to be able to report something very definite in a short time. Already the Operator has tested 6 wells and has in almost every case shown that a further excavation of about 10 feet will lead to a considerably increased supply of water.

With regard to fodder, the cost of transport is working out at a very high rate notwithstanding the special rates. The reason is because of the very small weight we can get into a wagon. The average of 169 wagon loads gave about 1,360 lbs. or less than two-thirds of a ton. I have searched all over for presses, but the only ones available were ones at the prohibitive price of Rs.8,500 each landed here and set up. I now have an offer of a power baling press which is supposed to turn out about 15 tons of pressed hay a day. They want only Rs.1,000 and possibly it would cost us another Rs.500 to get it down.

This press should enable us to get at least 2 tons of fodder into a wagon, and possibly 3 tons, thus reducing our transport charges enormously.

I request your permission to order this at once, as I think we can cover the whole cost from the savings in transport. I trust you will approve of this so that I can send off a wire at once.

Yours sincerely,

Rajamantra Dhurina

A.R.Banerji, Esq., M.A., C.S.I., C.I.E., I.C.S.,
